	Annexure –VIII List of Petrol Pump & Service Station
	Annexure IX List of Poha Industries

Action Plan for Control of Air Pollution In Non-Attainment City Ujjain

1. Introduction :-

Ujjain is the Holy city in Madhya Pradesh. The administrative centre of Ujjain district and Ujjain division. It is a known Hindu pilgrimage centre with the Kumbh Mela held here every 12 years. An ancient city situated on the eastern bank of the Kshipra River, Ujjain was the most prominent city on the Malwa plateau of central India for much of its history. It emerged as the political centre of central India around 600 BCE. It was the capital of the ancient Avanti kingdom, one of the sixteen mahajanapadas. It remained an important political, commercial and cultural centre of central India until the early 19th century, when the British administrators decided to develop Indore as an alternative to it. Ujjain continues to be an important place of pilgrimage for Shaivites, Vaishnavites and followers of Shakta. Ujjain has been selected as one of the hundred Indian cities to be developed as a smart city under PM Narendra Modi's flagship Smart Cities Mission.

During the 18th century, the city briefly became the capital of Scindia state of the Maratha confederacy, when Ranoji Scindia established his capital at Ujjain in 1731. But his successors moved to Gwalior, where they ruled the Gwalior State in the latter half of the 18th century.

The struggle of supremacy between the Holkars of Indore and Scindias (who ruled Ujjain) led to rivalry between the merchants of the two cities. On 18 July 1801, the Holkars defeated the Scindias at the Battle of Ujjain. On 1 September, Yashwantrao Holkar entered the city, and demanded a sum of 15 lakh rupees from the city. He received only 1/8th of this amount; the rest was pocketed by his officers.

A force sent by Daulat Scindhia later regained control of Ujjain. After both Holkar and Scindias accepted the British suzerainty, the British colonial administrators decided to develop Indore as an alternative to Ujjain, because the merchants of Ujjain had supported certain anti-British people. John Malcolm, the British administrator of Central India, decided to reduce the importance of Ujjain "by transferring a great part of that consequence it now enjoys to the Towns of Indore and Rutlam cities, which are and will continue more under our control.

After the independence India, Ujjain became a part of the Madhya Bharat state. In 1956 Madhya Bharat was fused into the State of Madhya Pradesh.

Geography

Ujjain is located in the west-central part of India, and is north of the upper limit of the Vindhya mountain ranges. Located on the Malwa plateau, it is higher than the north Indian plains and the land rises towards the Vindhya Range to the south. Ujjain's co-ordinates are 23°10'N 75°46'E with an average elevation of 494 m (1620 ft). The region is an extension of the Deccan Traps, formed between 60 and 68 million years ago at the end of the Cretaceous period. The city is on the bank of the river Shipra which flows into the nearby Chambal. The tropic of cancer also passes through a temple named Karkoteshwar, located near Harsiddhi Mandir in Ujjain.

Demographics

According to the 2011 census, Ujjain has a population of 515,215, 264,871 of whom were male and 250,344 female. The sex ratio is 945 per 1000 males, and the child sex ratio is 929 girls per 1000 boys. The city has 58,972 children under the age of six. There were 30,573 boys and 28,399 girls, which formed 11.45% of the total population of the city. The total literates in the city were 385,193, of whom 210,075 were males and 175,118 were females. The average literacy rate of the city is 84.43 percent. Male and female literacy were 89.66 and 78.90 percent, respectively.

Culture

Ujjain is considered one of the holiest cities in India, and is a popular pilgrimage centre. Some of the notable sacred places in the city include:

- Chamunda Mata temple, Ujjain
 - Chintaman Ganesh temple
 - Gopal Mandir, built by Sawai Jai Singh of Jaipur
 - ISKCON temple
 - Kal Bhairav temple
 - Mahakaleshwar Jyotirlinga, an ancient temple that was destroyed by Iltutmish and then restored by the Scindias of Gwalior
 - Mangalnath Temple, tropic of cancer passes through this temple
- Other historic places in Ujjain include:
- Ved Shala

Simhastha

Ujjain Simhastha, held once in every 12 years is a Kumbh Mela and draws millions of devotees. The Ujjain Simhastha is a mass Hindu pilgrimage, and one of the fairs recognized as Kumbh Melas. During the Simhastha, Hindus gather to bathe in a sacred river. At Ujjain, it is held once every 12 years, on the banks of Kshipra river. It is also known as Simhastha, when it falls during Jupiter's stay

in Leo of *Simha*. The latest Simhastha was held in Ujjain from 22 April 2016 to 21 May 2016.

Transport

Airport

Ujjain does not have any airport but has an airstrip on Dewas road which is used for air transport purposes. In 2013, the Government of Madhya Pradesh started a Ujjain-Bhopal air services as a joint venture with Ventura Air Connect. Due to very low booking, the ambitious project was scrapped. The main reason for the failure of the plan was due to improper timing of flights. The nearest airport is the Devi Ahilyabai Holkar International Airport at Indore (57.2 km).

Railway

Ujjain Junction is the main railway station of Ujjain, and it is directly or indirectly well-connected to all the major railway stations in India. It lies on the Ratlam-Bhopal, Indore-Nagda and Guna-Khandwa route. To the west it is connected to Ratlam Junction, to the north it is connected with Nagda Junction, to the east it is connected with Maksi Junction, Bhopal Junction, and to the south it is connected to Indore Junction BG, Dewas Junction.

Road

Dewas Gate Stand and Nana Kheda Bus Stand are the two bus stands in the city that provide service to destinations located in the states. A large number of state run private buses are available for Ahmedabad, Jaipur, Ajmer, Khajuraho, Indore, Bhopal, Pune, Mumbai, Kota, Mandu, Jhalawar and various other locations. The city has a well connected road network including Indore Road, Badnagar Road, Dewas Road, Agar Road, Nagda Road and Maksi Road.

Local transport

Ujjain depends on an extensive network of auto rickshaws, city busses, E- Rikshaw private taxis and Tata Magic that operate throughout the city connecting one part with another. UMC has recently introduced city buses with a public private partnership project as the city was identified urban agglomerations with less than 1 million populations under the Jawaharlal Nehru National Urban Renewal Mission.

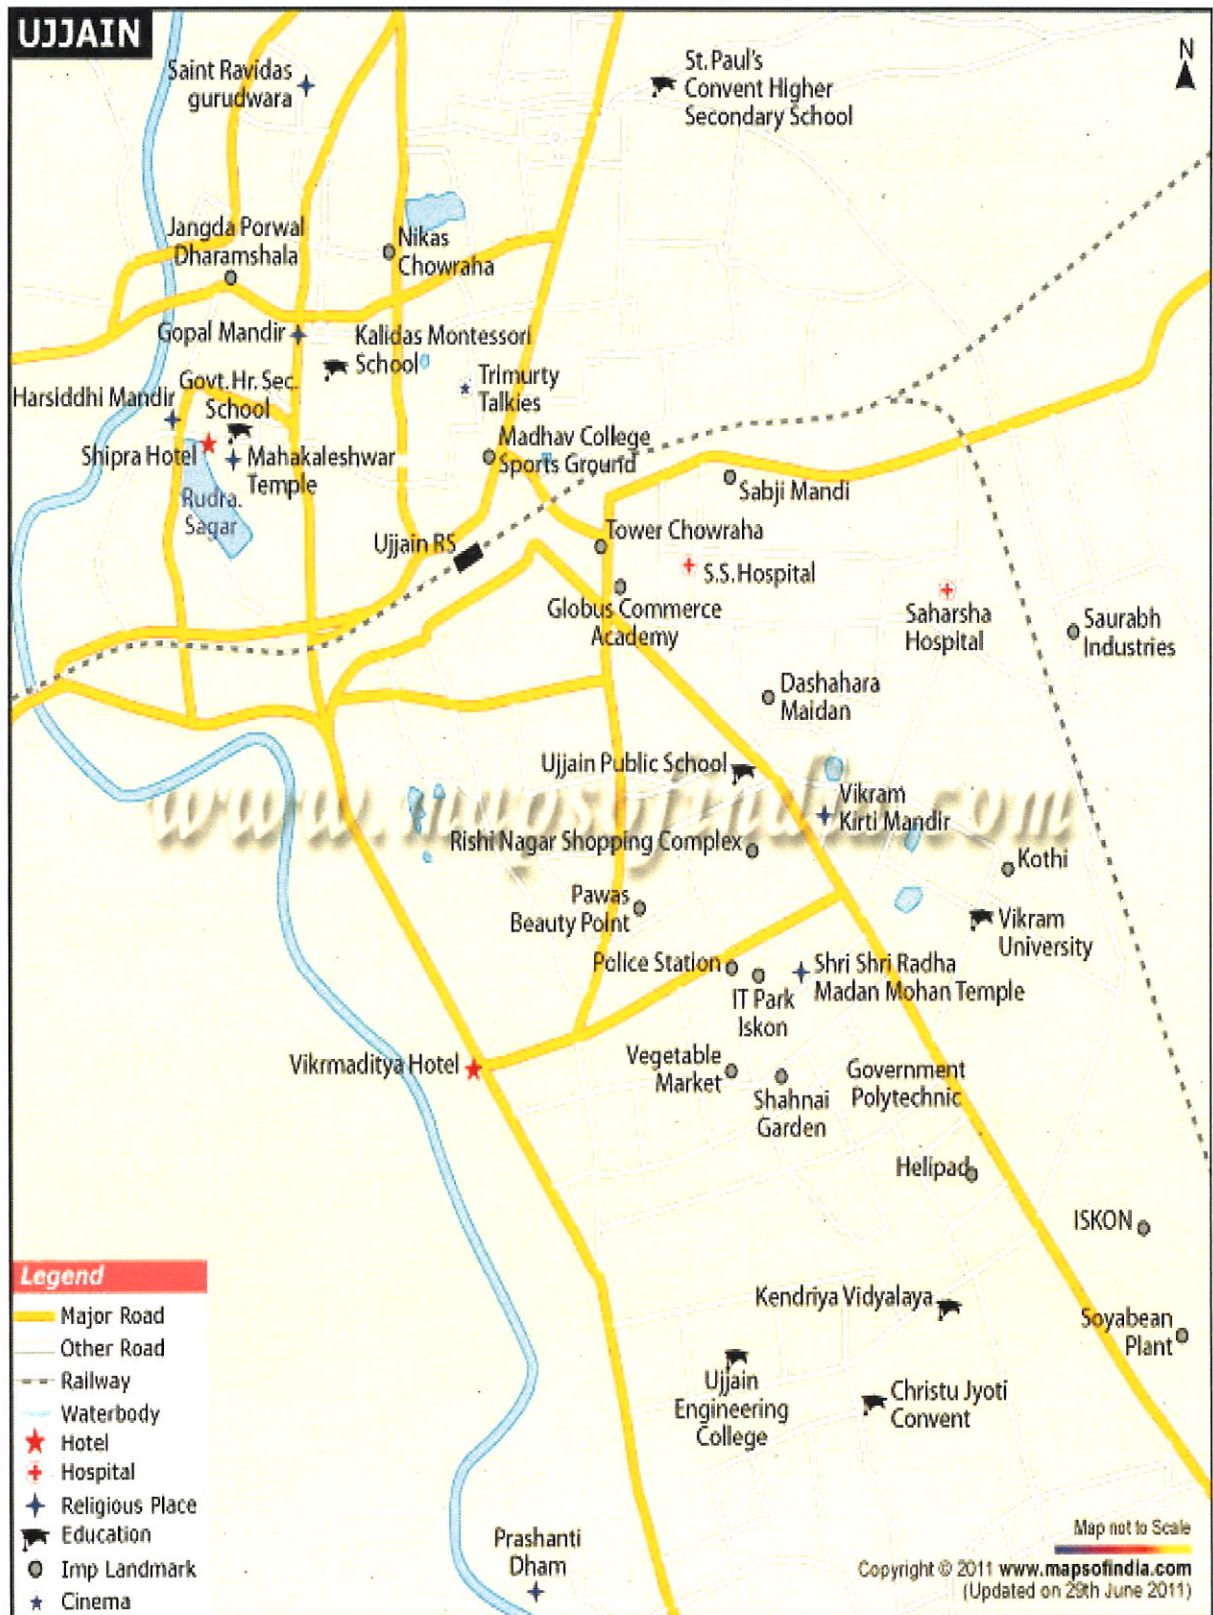

Smart city

Ujjain city was shortlisted under the Government of India's flagship programmes Smart Cities Mission. Under the mission, UMC (Ujjain Municipal Corporation) shall participate in the smart cities challenge by Ministry of Urban Development. As part of this, UMC is preparing a Smart City Proposal (SCP). SCP will include smart city solutions based on the consultations to be held with the key stakeholders of the city. UMC invited the suggestions from citizens of Ujjain to make 'Ujjain as a smart city'. The citizens were able to post their views pertaining to basic services such as water supply, sewerage, urban transport, social infrastructure and e-governance.

Ujjain City Map

2) **Implementation Status , Monitoring Mechanism & Air Quality Status of Ujjain City:-** The level of Ambient particular matter (PM-10) were observed to be exceeding the national Ambient Air Quality Standard (NAAQS)- 2009 consecutively during 2011-2015 in the city of ujjain ,hence its come under non attainment city. The details are as follows:-

- a) **Implementation Status:** - As stated here in above the action plan made for non-attainment city Ujjain has been implemented & completed properly. The city Ujjain has been declared no. 12 clean city in India during “Swachh Survekshan” in the survey conducted for 2017. The AQI of Ujjain is being observed in “*Satisfactory Category*”.
- b) **Monitoring Mechanism:** - As stated in the beginning of the report, a committee under the Chairmanship of Divisional Commissioner already exist for monitoring of implementation of action plan for non-attainment city. It shall be the responsibility of MPPCB to assess the Air quality status of the city regularly & place the data before the Chairman of the committee.

In Ujjain city four NAMP Stations have been established which are located in the different area of the city to monitor Ambient Air Quality. The Monitoring stations are :-

S. No.	Location of Monitoring stations	Area	Frequency
1	Regional Office, M.P.P.C.B., Ujjain	Mixed area	Twice a week
2	Mahakal Temple, Ujjain	Sensitive area	Twice a week
3	Ujjain Nagar Nigam, Ujjain	Commercial area	Twice a week
4	District Industry Office, Ujjain	Industrial area	Twice a week

As per gazette Notification for National Ambient Air Quality Standards dated 18th November 2009 for Ambient Air Quality, out of 12 parameter mentioned in above Notification 11 parameter result being sent on daily basis to M.P.P.C.B. Website. Beside this a online Air Quality Monitoring station (CAQMS) is also set up at Mahakal Temple Premises where PM_{2.5} , PM₁₀, SO₂,

NOx, Ozone, Ammonia , Benzene Parameter monitoring data are available round the clock at the interval of one hour.

c) Status of Ambient Air Quality at Ujjain City:-

Pollutants & Parameter for year 2016 – 2018

S.No	Month	PM ₁₀			PM _{2.5}		
		2016	2017	2018	2016	2017	2018
1.	January	110.0	68.2	86	--	34.5	36.1
2.	February	110.0	76.2	82.6	--	37.1	35.8
3.	March	106.0	75.2	77.2	--	28.7	31.5
4.	April	116.0	81.6	74.6	55.7	42.6	--
5.	May	115.0	70.0	73.6	56.5	29.8	30.1
6.	June	92.6	66.5	74.5	35.9	26.5	25.0
7.	July	69.6	60.5	54.2	34.3	32.6	21.4
8.	August	71.6	64.7	62.6	36.9	30.2	19.3
9.	September	70.5	57.7	66.1	38.2	32.9	24.9
10.	October	77.5	79.7	77.0	42.5	38.9	29.7
11.	November	78.5	86.5	92.4	42.1	44.2	35.7
12.	December	80.2	87.5	--	42.1	39.2	--
Average		91.4	72.8	74.6	42.6	34.7	28.9
Standard		60 in $\mu\text{g}/\text{m}^3$			40 in $\mu\text{g}/\text{m}^3$		

➤ Average value of all the Four NAMP Stations.

3 . Action plan in Compliance of NGT Principal Bench New Delhi Case No. OA 681/2018 order dated 08/10/2018 regarding prevention, control of pollution and improvement of Ambient Air Quality of non-attainment city Ujjain:-

1. Direction Vide letter dated 1-7-2016 issued by CPCB under section 18(1) (B) of the Air (Prevention & Control of Pollution) Act, 1981 regarding prevention & control of pollution in non-attainment city Ujjain To comply the directions issued by CPCB, the department of environment Govt. of M.P. organized a meeting on dated 16-09-2016 under the Chairmanship of Chief Secretary of Govt. of M.P. in this meeting the secretaries of various stake holder departments were present. In this meeting Chief Secretary, gave direction to constitute a committee at district level under the chairmanship of respective Divisional Commissioner and the heads of various nodal departments responsible for implementing the action plan for non-attainment cities.
2. Divisional Commissioner Ujjain constituted a committee of Stack Holder departments. The committee consists of DSP (Traffic Police Ujjain), RTO Ujjain, Commissioner, Municipal Corporation Ujjain, Food Controller Ujjain, CE-PWD Ujjain, GM-DIC Ujjain & RO-MPPCB Ujjain.
3. Various meetings of above committee held time to time and divisional commissioner directed all the departments to implement action plan in time. The work related to various departments already completed during **SIMHASTHA -2016**.
4. In reference to NGT Principal Bench New Delhi Case No. OA 681/2018 order dated 08/10/2018 point no. 12. The action plan letters received from the different Stack Holders DSP (Traffic Police Ujjain), **Annex.-I** RTO Ujjain, **Annex.-II** Commissioner, Municipal Corporation Ujjain, **Annex.-III** Food Controller Ujjain **Annex.-IV**, CE-PWD Ujjain **Annex.-V**, OIC Avantika Gas Ltd. Ujjain **Annex.-VI** & RO-MPPCB Ujjain, submit their individual action plan, & these action plan are also forward by Divisional Commissioner Ujjain **Annex.-VII**. The action plans include information & timeframe to complete work for prevention & control of pollution in non-attainment city Ujjain. On the basis of above information received the consolidated action plan for non-attainment city Ujjain is as follows:-

Action Plan: Non Attainment City, Ujjain (M.P.)

Source group	Action	Implem entation period (Short/ Mid /Long- term)	Work to be done	Time target for Implemen tation	Responsible agency (ies)	Remark / Present Status
1	2	3		4	5	6
A) Vehicles	1. Restriction on plying and phasing out of 15 years old Commercial diesel driven vehicles.	Long	The order to restrict plying and phasing out of 15 years old Commercial diesel driven vehicles has to be issued.	12 Months	RTO	<p>1- The total no. of commercial vehicles registered at RTO Ujjain is 9331.</p> <p>2- Diesel based public transport like Tempo 500 were phased out before year 2015 .</p> <p>3- CNG based 3435 Auto Rickshaws , 400 Magic, 196 Car/Van , 32 Bus & 250 Battery operated E-Rickshaws are promoted.</p> <p>4- Transport Department, Govt. of MP has issued notification dated: 24/11/2010 and has phased out the public service vehicles (Buses), which are older than 15 years.</p> <p>5- Restriction on 15 years old commercial diesel driven vehicles is related to government policy matter.</p>

2. Introduction of cleaner fuels (CNG/LPG) for Vehicles.	Mid	1. The entire remaining city Buses, Auto Rickshaw etc. have to be converted to CNG based fuel. 2. To provide cleaner fuels for vehicles the Avantika Gas Ltd. Ujjain has proposed 2 no. of CNG filling station at different locations of city.	6 Months	RTO	1- Four CNG Filling Stations for CNG Operated vehicle. 2- CNG based 3435 Auto Rickshaws, 400 Magic, 196 Car/Van & 32 Buses are running. 3- 250 Battery operated E-Rickshaws are running.
3. Regular checking of vehicular emission and issue of Pollution under Control Certificate (PUC).	Long	1- Pollution Check centers (PUC) to be setup at all the remaining 18 petrol pumps & 6 authorized workshops as per the List is enclosed at Annexure - VIII 2- Regular checking of vehicular emission & action against which are not having valid PUC certificate	Regular Activity	RTO & Traffic Police	At present there are 8 PUC check centers in the city .

	<p>4. Good traffic management including re-direction of traffic movement to avoid.</p>	Mid	<p>Installation of RLVD (Red light violation detection) system in prominent squares of the city.</p>	6 Months	Traffic Police	<p>Several steps were already taken for Good traffic management to Synchronize traffic movements like new, widening of the roads approx. 225 km., Construction of flyover bridges & bypasses road. 14 new bridges were also constructed namely :- (A) Bridges of Kshipra river i.e. Narsinghat, parallel to Badapool, Rimmukteshwar, Okhleshwar, behind Mangalnath, Kamed Nallah & behind Shantipalace, Railway Bridges i.e. Chintaman Railway crossing, MR-10. Vikram Nagar, MR-5, Dalda Factory, Zero Point (Freeganj to Agar road) & on inner ring road. (B) Fly over bridges i.e. Chintaman road (inner ring road) Badnagar road (inner ring road). C.C. TV Cameras were also provided at all highly traffic & city entrance point.</p>
	<p>5. Ban on registration of Diesel driven Auto Rickshaw /Tempo.</p>	Short	Already implemented	--	RTO	<p>1- Diesel based public transport vehicles like 500 Tempo have already been phased out before year 2015 2- There are 3435 Auto Rickshaws, 400 Magic, 196 Car/Van & 32 Buses using CNG fuel.</p>

6. Promotion and operationalization of E-rickshaw.	--	Already implemented	--	RTO	Completed & 250 Battery operated E-Rickshaws are running in city.
7. Development of Multi-layer parking.	Long	A new multi-layer parking is proposed at Mahakal Mandir area	12 Months	MCU	Multi – layer parking is under construction at Gopal Mandir area of city & it is likely to operational within few months.
8. Retrofitting of particulate filters in diesel driven vehicle.	Long	RTO is under process of identification of Polluting vehicle for Retrofitting of particulate filters in diesel driven vehicle.	12 Months	RTO	Policy of phasing out 15 year old vehicles will bring down the no. of diesel driven vehicles (below BS-III standards)
9. Checking of fuel adulteration	--	--	Regular activity	District Adm., Food Dept.	<p>1- Food controller Ujjain is conducting regular checks quarterly.</p> <p>2- Defaulter petrol pumps have been prosecuted in the fuel adulteration cases.</p> <p>3- Inspection of petrol pumps is included in routine activity of Food Controller, Ujjain.</p>

	10. Monitoring on vehicle fitness.	Short	--	Regular activity	RTO & Traffic Police	<p>1- It is a regular activity & being done by RTO.</p> <p>2- Further Traffic Police & RTO are regularly checking the vehicular exhaust emission.</p> <p>3- MPPCB is also checking vehicles on random basis for awareness purposes.</p> <p>4- In year 2017-18, MPPCB monitored 1246 vehicle & only 6 vehicles found to be exceeded the norms.</p>
	11. Periodic calibration test of vehicular emission monitoring instrument	--	--	Regular activity	MPPCB & RTO	<p>1- It is a regular activity & being done by RTO .</p> <p>2- The MPPCB is also having calibrated instrument for vehicular emission monitoring and the PUCs in the city area are also being cross check on random basis.</p>
B) Road Dust	1. Regular cleaning of road dust.	--	---	Regular activity	MCU	<p>1- In each ward of city road regular cleaning is being done by the MCU staff.</p> <p>2- MCU has 2 nos. of mechanized Road sweeping machines.</p>
	2. Water spraying on road through tankers	--	---	Regular activity	MCU	Whenever needed water spraying on road is carried out. Especially it is done before religious procession & monuments washing.

	3. Construction of pucca pavement along the roads.	Mid	Work for remaining pucca pavement along the roads are in progress.	6 Months	PWD & MCU	Approx. 225 Km. main road including Internals Road, Ring road and by pass of the city are blacktopping or metaled road. Pavement of road shoulders were already done during Simhastha – 2016
	4. Tree plantation along the roads.	Long	---	Regular activity	Forest Dept. & MCU	<p>1- More than 1.75 Lacs tree were planted in open area garden , Parks, Community place, Bank of Kshipra & along Road side during SIMHASTHA – 2016</p> <p>2- More Than 1 Lacs tree already planted along Bank of River Kshipra upto August 2018 onwards. The work of plantation is still in progress.</p>
	5. Development of green belt in open areas, gardens, parks/ community places, schools & Housing societies.	Long	---	Regular activity	Forest Dept. & MCU	<p>1- Municipal Corporation has already developed most of the Garden in the city & work in remaining Gardens/Parks is going on.</p> <p>2- More than 1.75 Lacs tree were planted in open area, garden , Parks, Community place, Bank of Kshipra & along Road side during SIMHASTHA – 2016</p>

C) Construction activities	6. Introduction of water fountains at major traffic intersection/ Golambar / circle.	Long	The commissioning of 12 Months water fountains is being carried out.	MCU	Water fountains at 18 major traffic intersections are developed in the Ujjain city.
	1. The covering of construction sites	--	---	MCU	1. The covering of construction site is made compulsory in City. 2. In case of non compliance, provision of the penalty is already in rules.
	2. Transportation of construction materials like sand, Chips etc.	Mid.	1. An effective mechanism has to be developed for lifting of construction material, as it is mandatory under Swachhta Abhiyan also. 2. MCU has proposed facility for collection of C&D waste in accordance to C&D waste management Rules 2016. A toll free number will be developed and advertised, so that general public could inform to MCU for collection of waste.	MCU, RTO, District Adm. & Traffic Police	Construction material should be covered during transportation as per MCU Rules. In case of non compliance, provision of the penalty is already in rules.

	3. Restriction on storage of Construction materials along the road.	--	---	--	MCU	The MCU imposed penalties on storage of construction material along the road side
D) Biomass and garbage burning	1. Restriction on open burning of municipal solid waste, Biomass, plastic horticulture waste etc.	--	--	Regular Activity	MCU	<p>1- Regular door to door services for the collections of MSW is carried out. MCU has issued order to prevent all types of open burning of waste. MCU imposed Heavy fine on garbage burning.</p> <p>2- Ujjain has been Awarded for 17 th Clean City Of India in 2018 swachhhatta survey.</p> <p>3- The burning of biomass, crop residue, garbage, plastic, leaves etc. are prohibited and being monitored strictly</p>
	2. Immediate lifting of solid wastes generated from de-silting and cleaning of	--	---	Regular Activity	MCU	<p>It is already in practice to lift solid & other types of wastes mechanically. Ujjain has been Awarded for 17 th Clean City of India in 2018 in Swachhhatta survey.</p>

municipal drains for its disposal.						
3. Transportation of municipal solid wastes, construction materials and debris in covered system.	Short	---	Regular Activity	MCU	Most of the time, the Construction materials are transported in covered vehicles & provision of the Penalty is already in rules in case of non-compliance.	
4. Ensuring promotion & use of cleaner fuel for commercial purposes like local Dhaba/ eateries	Long	1. The identification of use of cleaner fuel for remaining commercial area of city is being carried out. 2. Gas connection will be provided for commercial purpose when the work of laying of PNG pipe line will be completed in remaining part of the city.	12 Months	Food Dept., District Adm., & oil company.	The Avantika Gas Ltd. has already laid PNG pipe line in the most of the part of city & commercial LPG cylinders are also being used by Local Dhabas and eateries within the city area.	

E) Industries	1. Ensuring installation and operation of air pollution control devices in industries	Mid	The notices have been issued to 27 Poha units for switching over fuel from husk to gas based. The list is enclosed as per Annexure no.-IX	6 Months	MPPCB	<p>1- Notices have been issued to two industries namely M/S Pioneer Engineering Industries . Maxi road , Industrial area & M/S Omkar Chemicals, Dewas road , Industrial area for Up-gradation of Air Pollution Control Devices & one Industry has deposited BG</p> <p>2- Regular Monitoring is being carried out through inspections & air emission monitoring.</p>
	2. Ensuring emission standards in industries	Mid	Ensuring emission standards in industries	Regular Activity	MPPCB	<p>MPPCB is keeping constant vigil over emission of Industries being its mandatory duty.</p> <p>Regular inspections and monitoring is being carried out to check compliance of emission standards.</p>
	3. Adoption of cleaner technology in brick kilns	--	Already implemented	--	MPPCB	All the Brick Kilns had already been shifted from Ujjain and at present there is no brick kiln in municipal city area.
	4. Shifting of polluting industries,	--	Already implemented	--	MPPCB & Industry Dept.	Not applicable as presently there is no such types of polluting industries within the city area.

	5. Ban on polluting industries	--	---	--	MPPCB & Industry Dept.	Not applicable as highly air polluting industries are not permitted in the city area.
F) Strengthening of AAQ monitoring	1. Installation of CAAQMS at Ujjain	--	---	--	MPPCB	Completed One CAAQMS is already working at Mahakal Temple Ujjain since July 2017 with LED display arrangement.
	2. Source apportionment study	Long	Study proposed	12 Months	MPPCB	The Study will be conducted in future. As per trend of Air Quality observed for last year, the AQI of Ujjain city is observed to be in "Satisfactory Category"
G) Public Awareness	1. Issue of advisory to public for prevention and control of air pollution	--	---	Regular activity	MPPCB	It is a regular activity of Field Office. Advisory to public for prevention and control of air Pollution given from time to time especially during Diwali, & other religious occasion.
	2. Involve ment of school and other academic institution in awareness program	Mid	---	Regular activity	MPPCB	MPPCB is regularly conducting public awareness programmes. Workshop, drawing competition awareness camps, free vehicular emission checking camps, pamphlets distribution with the help of local schools and other academic Institutions.

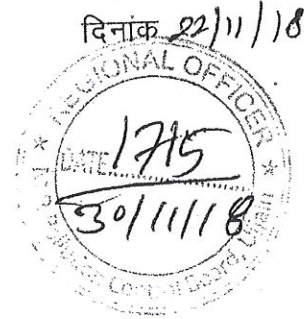

H) Others	1. Compliance of guidelines on D.G. sets and action against violation	Short	---	Regular Activity	MPPCB	<p>1- In new DG sets , arrangement for control of Air & Noise Pollution are provided by manufacturing companies.</p> <p>2- No DG sets are allowed to operate in city Ujjain without having appropriate canopy and Pollution control arrangements.</p> <p>3- Boards already have Laboratory to monitor complaint against D.G. set & take action as per rule.</p>
	2. Help line to oversee non-compliances on Aforesaid issues.	--	---	--	MPPCB & MCU	<p>The contact number of Regional officer is available on website of Board to attend the public complaint.</p> <p>Field Officers give quick response on complaint received from general public.</p>

Action Plan :

	Action	Implement ation period (Short/ Mid /Long- term)	Time target for Implementation	Responsible agency (ies)	Remark / Present Status
A) Source group	1. Restriction on plying and phasing out of 15 years old commercial diesel driven vehicles.	Mid	December- 2019	R. T. O. Ujjain	1. Restriction on 15 years old commercial diesel driven vehicles is related to government policy matter 2. Diesel based public transport like Tempo were faced off in year 2016 during Simhastha 2016 & CNG running's Auto/Magic & Battery operated E-Rickshaw are promoted.
B) Vehicles	2. Introduction of cleaner fuels (CNG/LPG) for vehicles.	Mid	--	R. T. O. Ujjain	Completed & Ujjain has already CNG Filling Station for CNG Operated vehicle.
	3. Regular checking of vehicular emission and issue of Pollution under Control Certificate (PUC).	Short	June - 2019	R. T. O. Ujjain & Traffic Police	Implementation of PUC Certificate for all vehicles is compulsory. There are 8 PUC check centers & few more centers are required to strengthen regular checking of vehicular emission.
	4. Good traffic management including re- direction of traffic movement to avoid.	Mid	July - 2019	Traffic Police	Several steps were already taken for Good traffic management to Synchronize traffic movements like widening of the road, Construction of flyover bridges & bypasses road. 14 new bridges were also constructed namely :- (A) Bridges of Kshipra river i.e. Narsinghat, parallel to Badapool, Rinmukteshwar , Okhleshwar, behind Mangalnath, Kamed Nallah & behind Shantipalace, Railway Bridges i.e. Chintaman Railway crossing , MR-10. Vikram Nagar, MR-5. Dalda Factory, Zero Point (Freeganj to Agar road) & On inner ring road (Near Mangrola Badnagar road side. (B) Fly over bridges i.e. Chintaman road (inner ring road) Badnagar road (inner ring road). C.C. TV Cameras were also provided at

					all highly traffic & city entrance point.
5. Ban on registration of Diesel driven auto-rickshaw /Tempo.	Short	June -2019	R.T.O. Ujjain		Diesel based public transport like Tempo was faced off in year 2016 during Simhashta -2016. While Auto rickshaws were shifted to CNG fuel.
6. Promotion and operationalization of E-rickshaw.	Mid	June, 18	R. T. O. Ujjain		CNG running's Auto/Magic & Battery operated E-Rickshaw is running in-city since 2016.
7. Development of Multi-layer parking.	Long	--	Municipal Corporation Ujjain		Completed & Multi – layer parking is under construction at Gopal Mandir area of city & it is likely to operational within few months.
8. Retrofitting of particulate filters in diesel driven vehicle.	Mid	December- 2019	R.T.O. Ujjain		It is related to government policy matter
9. Checking of fuel adulteration	Short	April - 2019	District Adm. , Ujjain		Food controller, Ujjain is conducting regular checks every month. Already implemented. Defaulter petrol pumps have been prosecuted in the fuel adulteration cases. Inspection of petrol pumps is included in routine activity of Food Controller, Ujjain.
